

# ON EVERY LEVEL

The Road map to master your  
Energetic Body

By NATHALIE IMBERT HKORA  
& MELANIE OLDHAM

We acknowledge the Traditional Custodians who have walked upon and cared for this land for thousands of years. We acknowledge the continued deep spiritual attachment and relationship of Aboriginal and Torres Strait Islander people to this country and commit ourselves to the ongoing journey of reconciliation

“

Healing is a motion meant to awaken your curiosity and make you happy with what you are leaving behind.

Healing must be deserved. It is a movement driven by purposeful joy that pulls you closer to your higher self.

Find your healing within the peace of your full radiance.

Time To Awaken!

## When and Where?

The transmission of this knowledge will take place in Margaret River, Western Australia.

This very unique program will provide you with life-changing intellectual and vibratory knowledge and allow you to access the complete introspection of your Energetic Body.

30/09/2023 - 6/10/2023

## The Origin.... and Now

Firstly taught by Hindu Masters, this development was then instructed by American and European disciples.

Recently, due to the increasing energy of our planet and the rising of humanity's consciousness, it has been authorised to transcribe and transmit this knowledge to a larger part of the collective.

New possibilities are within reach by a change of vibratory state which is happening inside our chakras, meridians and nadis.

It is time to work on the deepest foundations of your being in order to live your life fully conscious bringing its ultimate fulfillment by breaking free from negative attachments and involutive existences present in your multi-dimensions to then sensing the dimensional worlds from the infinitely small to the infinitely large and live your 6 senses and beyond.

How?

"On Every Level"  
7 Day Workshop

An intensive and accelerated process of  
working on your own dimensions:  
psycho-genealogic and inter-dimensional.
